Social Media during COVID-19

mariafragkaki.com

Many people ask me: What should I post now?

Small Businesses, Fashion Brands, Hotels, Travel Agents, and so many more professionals deal with a content gap during this pandemic crisis.

Social Media vs Social Networks

Facebook, Twitter, Youtube, etc., are Social Networks, the tools of Social Media. The nature of Social Media has to do with the Science of Psychology & Sociology and less about Technology. The online environment of Social Media can change, but the human part will stay the key to success.

Is your communication plan based on connection or sale?

Everyone is trying to sell.
Make a difference!
